

Izmir University of Economics 2nd International Photography Competition

“SINIRLAR & BOUNDARIES”

The subject of our International Photography Competition, which we will hold for the second time this year as Izmir University of Economics, is Boundaries!

The clearest judgment that everyone is aware of is that we are going through a difficult period as the whole world. All boundaries were questioned with the chain of events that took place one after the other. Visible or invisible, set by us or by others, from personal boundaries to home, to city-country boundaries...

Our purpose is to show the "Boundaries", some of which became sharper and clearer with the new world order, and some disappeared, through the eyes of photographers.

Wherever you are in the world, show us the “Boundaries” through your own lens.

Our competition, which we have prepared with the slogan "Boundaries Through Your Lens", is open to all amateur and professional photographers over the age of eighteen from Turkey and abroad, and participation is free of charge.
